SUMMARY

Product-focused UI/UX Designer with **3+ years of experience** specializing in complex **B2B enterprise applications**. Proven ability to transform data-heavy, multi-role systems into intuitive interfaces, taking features from zero to launch while driving user adoption and reducing operational friction alongside engineering teams.

EXPERIENCE

Jio Platforms (JPL)

Associate UI/UX Designer
Oct 2022 - Present

- Defined **actionable UX strategies** and improved information architecture across complex multi-role enterprise systems, significantly **reducing cognitive load**.
- Spearheaded the creation of reusable UI components for the **internal design system** and collaborated with frontend teams (Angular) for **seamless technical implementation**.

| Key Project: Supplier Relationship & Vendor Onboarding

- Led end-to-end UX for a unified B2B supplier platform launched to **500+ suppliers**, achieving **full audit readiness** via automated **API checks** and AML compliance.
- Reduced onboarding time by **78%** (14 to 3 days) by converting complex forms into streamlined workflows with **AI-suggested inputs** and smart defaults.
- Accelerated approval cycles by **5x** and eliminated data entry errors through system-driven validations, multi-level routing, and real-time status tracking.

| Key Project: Warehouse Management System (WMS)

- Architected the end-to-end UX for warehouse logistics, streamlining inbound/outbound operations, goods receipt, picking, packing, and dispatch.
- Designed **configuration-driven master data** interfaces to guarantee operational scalability across multiple warehouse variants.
- Optimized **data-heavy dashboards** to enhance real-time visibility, reducing task completion time and improving decision-making for operators.

SKILLS

CORE UX & UI DESIGN

Figma, FigJam, Adobe XD, Interaction Design, Wireframing & Prototyping, Design Systems, Visual Design, Agile UX

UX RESEARCH & STRATEGY

User Research, Usability Testing, Information Architecture, User Journeys, Persona Development, A/B Testing, Data Visualization

AI TOOLS

Anthropic Claude AI, ChatGPT, Cursor AI, Figma AI, Lovable AI, Readdy AI, Antigravity

TECHNICAL / FRONTEND

Angular (Basic), React (Basic), HTML, CSS

EDUCATION

2019 - 2022

Bachelor of Engineering in Mechanical Engineering

Government College of Engineering, Chandrapur

2016 - 2019

Diploma in Automobile Engineering

Government Polytechnic, Aurangabad
